WHAT HAPPENS WHEN CLASSROOMS HAVE THE SCHOOL SUPPLIES THEY NEED?
They start the school year with the tools they need to support their learning.

THE CASE FOR SCHOOL SUPPLIES
Many families are struggling to make ends meet and are faced with difficult choices when stretching monthly budgets. School supplies are often seen as an “extra” even though they are critical to supporting learning. Having the necessary school supplies makes it easier for students to start the school year off right and be more successful all year long.

Items can be dropped off at the AIA Connecticut office
Monday-Thursday between 9am and 4pm.
Last day to drop off donations is September 18.
