

## Connecticut Treasures Award

Connecticut Treasures, formerly a part of the People's Choice program, features the wealth and diversity of buildings from each of the eight Connecticut counties. The public is invited every year to vote for a favorite building for this state-wide award.

### New Haven City Hall, New Haven County

On Church Street facing the New Haven Green is New Haven City Hall, one of the country's earliest and finest designs in the High Victorian style. It is a work of Henry Austin, and contains an elaborate iron staircase. The polychrome façade in various sandstone and limestone shades was restored in 1976. The historic façade was incorporated into the updated City Hall in 1993-1994.
